The first step to having a great time in Paris is to plan your trip carefully. Here are a few things to consider:

- **When to go:** Paris is a great city to visit year-round, but the best time to go is during the shoulder seasons (April-May and September-October). The weather is mild and there are fewer tourists.
- **How long to stay:** I recommend spending at least 3 days in Paris. This will give you enough time to see the major sights and get a feel for the city.
