

Multicultural Health: A Comprehensive Text for Healthcare Professionals

By Lois Ritter

In today's increasingly diverse world, it is essential for healthcare professionals to be able to provide culturally competent care to patients from all backgrounds. This comprehensive text provides the knowledge and skills that healthcare professionals need to do just that.

The book begins with an overview of the concept of cultural competence and its importance in healthcare. It then provides a detailed discussion of the different cultural groups that healthcare professionals are likely to encounter, including their beliefs, values, and communication styles. The book also covers specific topics such as health disparities, end-of-life care, and mental health care in diverse populations.
