The transition to secondary school is a significant milestone in a child's life. It is a time of great change and adjustment, both academically and socially. For parents, it can be a time of both excitement and trepidation.

Starting Secondary School by Michael Deangeli is an invaluable resource for parents preparing their children for this important transition. This comprehensive guide offers practical advice and expert insights to help parents support their children through every step of the way.

In this book, parents will learn:

- What to expect during the transition to secondary school
- How to help their child prepare academically, socially, and emotionally
- How to communicate with their child's teachers and administrators
- How to support their child if they are struggling
- How to make the most of their child's secondary school experience

Starting Secondary School is written by Michael Deangeli, a leading expert on child development and education. Deangeli has over 20 years of

experience working with children and families, and his insights are invaluable for parents preparing their children for secondary school.

If you are a parent of a child who is about to start secondary school, this book is a must-read. It will provide you with the information and support you need to help your child succeed in this important new chapter in their life.
