Pima was just a young girl when she was orphaned by the war in her home country. She spent her early years living in a refugee camp, where she endured hardship and uncertainty. But even in the darkest of times, she found solace in dance.

When she was finally able to leave the refugee camp, Pima was determined to make her dream of becoming a ballerina a reality. She

worked tirelessly, practicing for hours every day. And despite the challenges she faced, she never gave up on her dream.

Eventually, Pima's hard work paid off. She won a scholarship to a prestigious dance academy, and she went on to become a successful ballerina. She has performed all over the world, and she has inspired countless others with her story.

Taking Flight is Pima's inspiring memoir. It is a story of hope, perseverance, and the transformative power of dance. It is a must-read for anyone who has ever dreamed of overcoming adversity and achieving their goals.
